

Nolan Hosts Informational On Hydrofraking

Assemblymember Catherine Nolan (L) hosted an informational meeting on hydrofracking and the dangers to New York City's water supply. Special guest speaker Walter Hang, president of Toxics Targeting, gave a talk entitled, "How New York City's Drinking Water Could be Imperiled by Marcellus Shale Gas Hydrofracking". For more information, visit [www.toxicstargeting.com/ MarcellusShale](http://www.toxicstargeting.com/MarcellusShale).

Dear Mr. Hang;

Thank you, so much for taking the time to travel here to speak about such an important topic.

It was a pleasure to meet someone so well informed and so determined to get a message across to our community. Your talk was very informative. I genuinely appreciate that you came here and spoke about against hydro-fracking.

Sincerely,

A handwritten signature in black ink, appearing to read 'Catherine Nolan', written in a cursive style.
